RE: Clayton Chemical Superfund Site
Sauget, Illinois

Dear Mr. Turner:

We are writing on behalf of Superior Equipment Company, Inc. (Superior), one of the parties identified on the "potentially responsible parties" list that attended the meeting held by you on behalf of the United States Environmental Protection Agency ("USEPA") on March 28, 2002, in East St. Louis, Illinois, regarding the Clayton Chemical Company Superfund site in Sauget, Illinois.

On April 3, 2002, on Superior's behalf, we participated in a conference call with other PRP's. A group of PRP's, including Superior, are now attempting to collectively address the demands set out in USEPA's March 6, 2002, letter. On April 24, 2002, Superior expects to participate in a meeting of the PRP's to further discuss and, begin to address, USEPA's concerns.

We hope that this schedule meets with your approval and we will continue to keep you apprised of our progress.

Sincerely,

*Bruce A. Morrison*Bruce A. Morrison *BAM*
